These are the names of three very useful handymen that we have used over the past months and whom we would like to support. We have them to both reliable, pleasant and excellent workmen:

Electrical. Elijah at 083 244 4833 is quick, neat and very good.

Tiling. Francisco at 072 521 1853. Excellent work.

Painting Eddie and his crew at 082 348 9544. Reliable, quick and neat. He does some wonderful paint "effect" work as well.

We have enjoyed working with all these men and found their work to be of excellent quality and well priced. Mention Christopher's name when you call them. We would like to support them in growing their businesses.
